Cedar Planters by Sandcastle Products

## SANDCASTLE PRODUCTS

**Modular Cedar Planter Design provides flexibility to create multi arrangement, multi height unique plantscape arrangements with ease.**

### Cedar Planters

Attractive, functional, easy to maintain and it just seems like plants like to make them their home.

Constructed of 3/4" finished one side long lasting and durable cedar. These units are unfinished any if desired stained to suit your taste and outdoor living space.

Modular design. There are 12" X 12", 12" X 18", 18" X 18" units in heights of 8", 12", 18" and 24" tall.

Just like the photo above, take a tall modular unit, surround with shorter, square or rectangular units and immediately you have a ultimate plantscape.

It is just like creating our own patio pots or hanging basket displays. And better yet after a couple weeks if

required you can simply reposition the planters to create a totally visually different plantscape design.

### Types of Lips

The two photos above are close ups of 2 - 2X2X8 modules.

Sand Castle Cedar Planters are available in two styles of top lip design.

The photo in the far left depicts the modern lip. The modern lip allows adjoining modules to be positioned side by side.

The traditional lip, immediately to the left, is ideal for standalone planters. As an example our 2X2X8 and 2X3X8 with the traditional lip is very very popular as a small herb garden planter.

The type of lip that you prefer is all about choices and we simply have provided you with the selection of choices.
